## STORM CAUSES HEAVY DAMAGE

Towns, Villages and Farms in  
Minnesota Suffer.

### RAILROADS ARE HEAVY LOSERS

Eastern North Dakota Visited by  
Storm That Does a Large Amount  
of Damage—Electrical Disturbances  
March Up and Down the Southern  
Tier of Minnesota Counties.

St. Paul, Aug. 14.—Lightning and heavy rains throughout Minnesota and Eastern North Dakota during the past twenty-four hours have caused losses reaching the hundreds of thousands, to farms, villages, towns and cities and the railroads that traverse them.

Electrical disturbances, long heralded by sultry conditions of the atmosphere, marched up and down the southern tier of Minnesota counties, trailed by burning houses and barns, dead stock and overflowed fields, and leaving all means of communication a tangled skein of wires.

Heavy rains unloaded suddenly veritable seas of water in northern counties of Minnesota, seeming to move from Duluth in a series of cloud-bursts across the top of the state and sweeping down the Red River valley, centering at Fargo and Fergus Falls, Minn., where three northern railways have been forced by the demolition of their trunk systems to depend on a narrow thread of steel to enter the humming fields of the Western Dakotas.

The most violent demonstrations of the lightning so far to be reported came from Owatonna and Faribault, Minn. The Northwestern did not run trains into Owatonna all morning. A night freight ran into soft tracks east of that city and piled up in the ditch late at night and wrecked the tracks. Postmaster Diment was marooned for a time with his wife on an island, from which he later escaped on horseback. The river rose visibly and wrenched bridges from their approaches, dashing them into bordering forests or standing them upon open fields. All communication with rural districts is cut off. The lightning struck four houses.

At Faribault the lightning set the torch to the Rock Island depot and fired barns and vast stores of hay in the city. The Straight river gushed from its banks and overran the surrounding country, ripping bridges from their fastenings and causing widespread loss in surrounding districts, reaching at least \$25,000.

At Ellendale, Minn., in the same part of the state a bolt of lightning went along the roof of Hotel Ellendale, ripping parts of it into slivers and driving guests in their "nighties" out into the sheeting rain. Several head of stock were reported killed.

The fluid fire of the skies licked about the barn of Joe Mullenbach, five miles southwest of Adams, Minn., causing a loss of \$20,000 in vast stores of new cut hay, oats, stock and sheltered machinery.

Barns and houses were struck near Windom, Minn., Ole Frederickson losing a vast amount of farm property. Little damage was done to crops, they being in shock.

The house of Dr. Charles Cooper was set on fire by lightning at Chatfield, Minn., but it was extinguished before a total loss.

Farm buildings outlying Winona, Minn., were struck and burned to the ground.

### POLICE FAIL TO FIND CLUE

Unable to Locate Kidnapped Children in Chicago.

Chicago, Aug. 14.—Four detectives started out to make a house to house canvass of the "Little Italy" district of the North Side, in the firm conviction that the two little Viviano children, who were kidnapped from their home in St. Louis last week, will be found here. Cabmen and street car men near the Polk street station, where the children are supposed to have been brought Aug. 4 by their abductor, were questioned by the chief of detectives, without any further material clue being developed.

### Bailey Wins Handicap.

St. Paul, Aug. 14.—Dr. J. H. Bailey of Fargo, N. D., won the Western handicap with a score of 97 out of a possible 100. Hamilton of St. Paul and Henderson of Kentucky were second with 95 out of a possible 100. R. D. Guptill of Atkin and Sam Hamilton of St. Paul tied for the Minnesota championship, which Guptill won on the shootoff.

## CONVENTION AT SALT LAKE ENDS

Grand Army Veterans Conclude  
Their Labors.

### ATLANTIC CITY IS VICTORIOUS

Chosen as the Place Where the Next  
Encampment of the Grand Army of  
the Republic Will Be Held—Rev.  
Daniel Ryan of Columbus, Ind.,  
Elected Chaplain.

Salt Lake City, Aug. 14.—The forty-third national encampment of the Grand Army of the Republic ended with a fireworks display on Ensign peak.

The final day was devoted to the selection of a meeting place in 1910 and the election of officers by the parent association and allies and auxiliary societies.

By the close vote of 307 to 293, Atlantic City was chosen over St. Louis as the place for the next meeting after a spirited fight.

Atlantic City was placed in nomination by Adjutant General Burrows of New Jersey and St. Louis was named by former Commander-in-Chief Charles Burton of Missouri. First one city was in the lead and then the other. With New York to be heard from, the vote stood 253 to 293 in favor of St. Louis. When New York was called the commander of that department announced the vote as 51 for Atlantic City and 1 for St. Louis. This gave the seacoast city a lead that could not be overcome. The vote showed the East arrayed against the Middle West with the Far West and South more or less divided.

The other contest was for chaplain. Rev. Daniel Ryan of Columbus, Ind., won the honor from Rev. Thomas Harwood of New Mexico by a vote of 330 to 233.

After the final details of the convention were disposed of Commander-in-Chief Van Sant and his fellow officers elective and appointive were installed.

The Woman's Relief Corps elected Mrs. Fanny E. W. Harden of Denver senior vice president and Mrs. Jennie L. Jones of Salt Lake City junior vice president.

The appointments announced were those of George C. Eddy of Minneapolis as adjutant general and of C. R. R. Stowits of Buffalo as quartermaster general. The latter was a reappointment.

The report of the pensions committee asks congress to remove the limitation in the pension law which debars from its benefits widows and veterans who were married after 1890, the year the law was enacted.

### IRRIGATION CONGRESS ENDS

B. A. Fowler of Arizona Chosen President of Organization.

Spokane, Wash., Aug. 14.—With the election of officers, the selection of Pueblo, Colo., as the next meeting place, the passage of resolutions commending both the efforts of Pinchot and Newell in the forestry and reclamation bureaus, asking a \$10,000,000 irrigation fund from congress, and commending the Mississippi deep waterways, the seventh national irrigation congress practically ended. There will be no session today unless John Barrett, director of the bureau of American republics, arrives to deliver a promised address. The business planned for today has all been transacted and nothing is left except formal adjournment.

The following officers, in addition to B. A. Fowler of Phoenix, Ariz., president, and Arthur Hooker, Spokane, secretary, were chosen:

Vice president, Ralph Twitchell, New Mexico; second vice president, R. W. Young, Utah; third vice president, L. Newman, Montana; fourth vice president, F. W. Flemming, New Mexico; fifth vice president, E. J. Watson, South Carolina.

### IN SPITE OF HIS PROTESTS

Young Shah of Persia Soon Will Be Officially Married.

London, Aug. 14.—A special dispatch received here from Teheran says that despite his protests, Ahmed Mirza, the young shah of Persia, will be officially married soon and that his household is now being arranged. The shah is eleven years old.

### Land Drawing Ended.

Spokane, Wash., Aug. 14.—The drawing for the Flathead Indian reserve has been concluded. Stephen Robinson of Missoula, Mont., won the last chance, number 6,000. Monday the Spokane reservation drawings for 250 claims will be made and it is expected the work will take less than an hour.

LADIES HOME JOURNAL PATTERNS

## New Waist Silks

We have received many of our new waist silks. If you are one who wishes to do your sewing early this is your opportunity to secure the ones you'll want. We might add that we have a large number of other new things for those who begin sewing now.

*J. H. Michael Co.*

### MURDERED WHILE AT WORK

Linotype Operators Shot Dead at  
Bisbee, Ariz.

Bisbee, Ariz., Aug. 14.—A. T. Hoy and William Bockholtz, linotype operators of the Bisbee Daily Review, were murdered while at work.

William Pfancuok entered the office and without a word, drew a revolver and opened fire. After killing the two he also fired at Miguel Aveta, a printer, at a boy helper, and at Jay Wilmoth, a special officer, wounding the latter.

The murderer then slid down the elevator rope into the press room and surrendered.

The murder grew out of a printers' strike in the Review office three weeks ago. William Bockholtz arrived here three days ago. But little is known of him here, further than that he was a Shriner and had a Y. M. C. A. card from his former home at Covington, Ky.

### Noted Merchant a Suicide.

Syracuse, N. Y., Aug. 14.—John F. Seybold, a noted philanthropist and well known merchant of this city, shot himself to death in his store. He suffered a nervous breakdown three weeks ago and had been despondent ever since. Mr. Seybold's stamp collection is said to be worth \$100,000.

### Test of Strength Fatal.

Greensboro, N. C., Aug. 14.—While trying to excel his companions at a feat of strength Tony Vogt dropped dead. He had declared his intention to lift a fifty-pound weight above his head fifty times, but on the fourteenth attempt he fell to the ground, dying before a physician could reach him.

## STRIKERS CHAGRINED AT BEING OUTWITTED

Company Imports Trainloads of  
Strike-Breakers.

Pittsburg, Aug. 14.—Two trainloads of strike-breakers were placed in the Pressed Steel Car company's plant before the striking employees of that company were aware of the coup. The heavy fog which hung over the Ohio river served as a shield for the company's men to cover their operations and it was not until the last of the imported men were being transported across the river that the strike pickets learned of the move.

The strikers are chagrined at being outwitted and heated discussions were heard at a mass meeting on the historic Indian mound at Schoenville.

A few hours before the strike-breakers were safely housed in the car company horse sheds, a box car loaded with cots and blankets was switched into the company's yards. The car was sealed and strikers' pickets were unaware of its contents.

At noon 140 employees of the Hudson River railroad who were employed on the cars to be used in the Hudson tunnels in New York City left their work, refusing to work with the alleged strike-breakers.

The strike-breakers were put to work at noon. They will receive from \$1.75 to \$2 a day. Tobacco will be furnished free and a hotel near the

car plant will furnish commissary supplies.

It is claimed by the strike leaders that desertions of the imported men began shortly after noon when a score of the strike-breakers scaled the stockade surrounding the car plant and joined the ranks of the striking men.

The sheriff of Allegheny county, assisted by a score of negroes hired by the Pressed Steel Car company, resumed eviction proceedings and at dusk moved the last of the forty-seven evicted strikers from the company's houses. Over eighty loads of furniture and property of the evicted strikers and their families lies unsheltered in Nichols avenue, Schoenville.

The state constabulary, aided by deputy sheriffs, established regular sentry beats about the car plant. Little trouble is anticipated by the authorities, however.

### LEWIS WINS FROM BURKE

Squelches Championship Aspirations of the Sailor.

New York, Aug. 14.—Willie Lewis definitely put a period to the championship aspirations of Sailor Burke in the sixth round of what was to have been a ten-round bout at the Fairmont Athletic club. Burke, who is really a light heavyweight, just got under the middleweight limit of 158 pounds and had the advantage of some ten pounds over his opponent. The early rounds were in his favor, but Lewis fought faster each time he arose from his chair and won on his merits with a knockout.

Swiss wooden trolley poles last long—at least those that never touch the ground, but are set in metal sockets like soda bottle holders.

**SATURDAY, AUGUST 14, 1909.**

Minnesota won out at Salt Lake and S. R. Van Sant was elected commander-in-chief of the Grand Army of the Republic. Hurrah for Minnesota.

Chicago is advertising for some one to take the position of chief of police of that city at a salary of \$8,000. That job would not lie around loose in Brainerd, even if the tips and commissions had been eliminated.

It has been decided that playing marbles for keeps is gambling, and soon croquet, quoits and "mumble-peg" will be listed also. Whether the tariff is to blame remains to be seen, but everything seems to be going up.

Did anything happen to you yesterday? If not you were lucky for it, was the Jonah day of the year, Friday the 13th and the only time it will occur in 1909. If you are any the worse for yesterday, just charge it up to that and forget it.

Just think of it, 5,000 pies a day are made in the pie factories of St. Paul, to say nothing of the ones that are made in the homes of those who relish "mother's cooking." Apple pie is the favorite and the average is three to one in its favor the year around.

The commissioners of Cass county appropriated \$100 each to the Pine River and Pillager fairs, but the Cass Lake member of the board has tied the appropriations up by filing an appeal. The north end of the county does not see the feasibility of making the appropriations and the matter will be in court.

Frank Day doesn't want any non-partisan demonstration for the Minnesota delegation, excepting James A. Tawney, as planned. Day is scared out of his shadow, and he sees a chance to re-elect a whole bunch of men to congress without democratic opposition and he does not see where that will help the democratic state machine—and Johnson.

The town of Scanlon, with 1,200 population, and no other support than the big saw mill and kindred interests, will be a thing of the past with the passing of the Brooks-Scanlon Co., which is to tear down its mill and move to the west where they have large holdings in timber lands. The lumber company has paid all indebtedness of the town and settled the business affairs and obligations. Thus doth history repeat itself.

### LOCAL NEWS NOTES

Mrs. R. G. Parker went to St. Paul yesterday.

Weeks repairs guns. 307 6th St.

J. C. Jamieson returned today noon from a trip to Duluth.

Andrew Gibson left today noon for Paradise, Mont., going via St. Paul.

Orne sells rugs on easy payments at the Singer store. 25tf

Mr. and Mrs. W. W. Bane went to Birch lake this afternoon to spend Sunday.

I. T. Dugan of Hamline, was in the city today enroute to Hackensack on a fishing trip.

Louis Albert left today for Hankinson, N. D., to run his threshing outfits during the season.

Will trade in cook and heating stoves, and furniture. E. J. Rohne. 45 1mo

Mrs. H. Turcotte went to Minneapolis this afternoon for a visit with her daughter, Mrs. Hardy.

Mr. and Mrs. A. L. Hoffman and family are spending the week at their summer cottage on Gull lake.

Begin your course at the Brainerd Business College at the opening of the term, Sept. 6th. 58tf

Dr. Fredericks, who is ill with typhoid fever, is reported as getting along as well as could be expected.

Mr. and Mrs. J. W. Boss, of Milwaukee, arrived in the city today and went to Twin Oaks for a visit with the family of J. C. Barber.

For a good investment BUY a Lot at Deerwood, Minn. For sale by J. H. Krekelberg, 202 Citizens Bank Bldg. Phone 210. 13-tf

Dr. A. W. Ide went to St. Paul this afternoon. From there he will go to the coast for a two or three weeks visit.

R. D. King has finally, after vexatious delays, got the steel ceiling into his store and the place is now very attractive.

Alden Fuller left this morning for Chicago, where he will take a special course in window trimming and show card writing.

Rohne repairs bicycles. 45 1mo

Miss Mable Towle left this noon for Anoka, where she will visit for a time before returning to her home in Minneapolis.

MINING STOCK NEWS—For sale at L. Hohman's News Stand, 10c per copy, f s tf

John R. Pacha, formerly a resident of Brainerd, but now a prosperous merchant of Black Duck, is spending a few days visiting friends in this city.

D. M. Clark & Co.'s new stock to wall paper just arrived. Price 10c of 35c double roll. 25tf

The lucky Brainerd men in the drawing of lands in the Flathead reservation drawing were William Matteson, who drew number 508, and Frank Lowey, 1913.

Weeks repairs Bicycles. 307 6th St. tf

The stenographic field offers greater opportunities than any other. You can become a good stenographer by attending Mankato Commercial College. It will pay you to send for their year book.

Buy a lot in Deerwood on the installment plan. For terms see J. H. Krekelberg, Citizens Bank Building. 22tf

Miss Florine Merritt and Mrs. Benj. Strawbridge left last night for Seattle, the home of the latter. Miss Merritt has secured a position in the Seattle schools and that city will be her future home also.

The concert given by the Augsburg Sextette at Elk's hall last night was a very enjoyable one, the gentlemen being among the best vocalists who ever appeared before a Brainerd audience. The concert was well attended.

Store your stoves and household goods with D. M. Clark & Co. 15tf

R. R. Hurlburt, agent of the Minnesota & International railroad at La Porte, was brought down today and taken to the Northern Pacific hospital. He was hurt last night, some freight which he was unloading falling on him.

Albert Bjork, residing in the unorganized town of 136-27, was down today getting his money as treasurer of the school district and as road supervisor. Mr. Bjork reports potatoes and corn as looking fine in that section, but that the wet weather is hindering haying.

D. M. Clark & Co. have a new method of putting rubber tires on go-carts. 25tf

G. W. B. Hawley, president of the state federation of labor, and C. E. James, representing the boot and shoe workers, will arrive in the city Monday, according to a letter received from the former by G. W. Pipey. They will be in Brainerd several days in the interests of organized labor.

Rev. M. L. Hostager and daughter, Myrtle, and Miss Ethel Huseby, of Cloquet, who were down to attend the concert given by the Augsburg Sextette at Elk's hall last night, returned home this morning. Misses Amy Gilbertson and Gertrude Peterson accompanied them for a visit at the Hostager home.

Jacob Schmidt's bottle beer is delicious. We have the agency. Order a case. Telephone 164 John Coates Liquor Co. tf

Major Milsap, of Minneapolis, will conduct the services in the Salvation army hall tonight and Sunday. Tonight his subject will be "The Doctrine of Punishment." Sunday forenoon at 11 o'clock he will speak on "Consecration and Sanctification" and at 8 p. m. his subject will be "Great Riches and Great Gains."

The following class will be confirmed at the Norwegian Danish Lutheran church, near the corner of Oak street and Bluff avenue south, at 10:30 o'clock Sunday morning: Ludwig Oscar Dahl, Peter Edwin Peter-

son, Hilmar Arnold Sheffo, Minnie Swanson, Josephine Hegstad, Dagmar Kristine Peterson and Selma Ruth Peterson.

Mrs. A. A. Armstrong and Miss Eliza and Master Walter Bacon returned yesterday morning from Mt. Clemens, Mich., where they have been taking the baths and treatments. Miss Eliza and Walter are about entirely recovered from their illness and Mrs. Armstrong is greatly improved but was very tired with the journey when she got home.

The Northern Pacific railway company was in the municipal court yesterday afternoon on a complaint charging it with setting forest fires. The complaint was brought by one of the state fire wardens and was for the setting of the fire at Klondike which burned the lumber of the Mahlum Lumber company and other property a few weeks ago. The case was continued for one week to permit securing additional witnesses needed.

Wm. McGarry and Geo. Fricker, Jr., were acquitted in the municipal court today of the charge of throwing sand bags through the windows of the Washington school. The state's witnesses swore to seeing two persons running away, but could not positively identify them. The young men admitted having been in that neighborhood at that time but denied throwing the missiles. They were defended by Giles O'Brien, while county attorney Fleming appeared for the state.

Two good second-hand Pianos at Whittier and Lowell schools for sale at \$100 each, if taken at once.  
LUKE O'NEILL,  
210, 6th Street South, 58-6t.

Pastor will occupy the pulpit morning and evening. Evening subject, "Unchangeable Record."

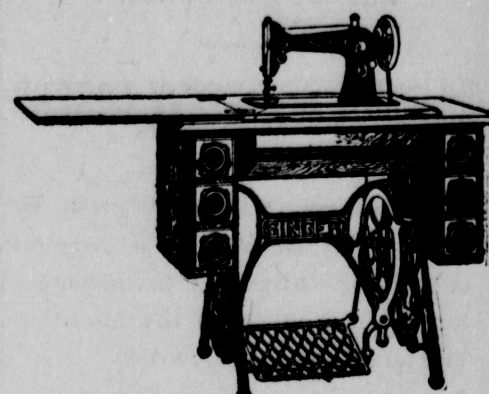

Swedish M. E. church—Preaching services the first and Third Sundays of each month, at 10:45 a. m. Rev. A. G. Olson, Pastor.

**The Crime of Idleness**  
Idleness means trouble for any one. Its the same with a lazy liver. It causes constipation, headache, jaundices, loss of appetite, nausea, but Dr. King's New Life Pills soon banish liver troubles and build up your health. 25c at H. P. Dunn's drug store. tss-w

Hubbubs—How have you managed to keep that excellent cook of yours so long?  
Subbubs—Oh, I'm foxy. Every once in awhile I make a bluff at trying to discharge her, and then she makes up her mind to stay just for spite.—Philadelphia Record.

**The Modesty of Women**  
Naturally makes them shrink from the delicate questions, the obnoxious examinations, and unpleasant local treatments, which some physicians consider essential in the treatment of diseases of women. Yet, if help can be had, it is better to submit to this ordeal than let the disease grow and spread. The trouble is that so often the woman undergoes all the annoyance and shame for nothing. Thousands of women who have been cured by Dr. Pierce's Favorite Prescription write in appreciation of the cure which dispenses with the examinations and local treatments. There is no other medicine so sure and safe for delicate women as "Favorite Prescription." It cures debilitating drains, irregularity and female weakness. It always helps. It almost always cures. It is strictly non-alcoholic, non-secret, all its ingredients being printed on its bottle-wrapper; contains no deleterious or habit-forming drugs, and every native medicinal root entering into its composition has the full endorsement of those most eminent in the several schools of medical practice. Some of these numerous and strongest of professional endorsements of its ingredients, will be found in a pamphlet wrapped around the bottle, also in a booklet mailed free on request, by Dr. R. V. Pierce, of Buffalo, N. Y. These professional endorsements should have far more weight than any amount of the ordinary lay, or non-professional testimonials.

The most intelligent women now-a-days insist on knowing what they take as medicine instead of opening their mouths like a lot of young birds and gulping down whatever is offered them. "Favorite Prescription" is of known composition. It makes weak women strong and sick women well. Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send to Dr. R. V. Pierce, Buffalo, N. Y., 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound. If sick consult the Doctor, free of charge by letter. All such communications are held sacredly confidential. Dr. Pierce's Pleasant Pellets invigorate and regulate stomach, liver and bowels.

SHOULD TAKE OVER THE WATERWORKS

This seems to be the Opinion of Nearly All of Brainerd's Business Men

FEW OF THOSE SEEN SAY NO

Opinion of Shop Men and Others Will be Given in The Dispatch Next Week

The Dispatch reporter started out on Thursday to interview some of the citizens of Brainerd as to the advisability of the city taking over the waterworks plant under the stipulations entered into between the city and the company at the special meeting of the council Wednesday evening. The interviews given are with business men, not because their opinions are of more value than those of other citizens, but because they were the first reached after starting out on the quest. The Dispatch will next week publish a series of interviews with other citizens in the matter. The following is the result of the interviews so far:

Judge McClenahan—"I think a settlement of the matter highly desirable and there seems nothing objectionable in this settlement. I think the city should take the plant."

Geo. D. LaBar—"The price is higher than I expected, but taking everything into consideration, I believe it to be for the best interests of the city to take the plant at the price fixed by the board."

J. C. Jamieson—"I won't say anything, good-bye," and he took the train for Duluth.

Thos. W. Gibson—"I think even if the price is too high the city should take over the plant and stop litigation."

M. K. Swartz—"I do not see for the life of me how the city can do anything else. The city would be better off to take the plant. It would be the wisest thing, and in four years the city would make back the money expended."

J. A. McColl—"I would not take it at any price. I would build a new plant and then the city would know what it had."

W. W. Graham—"Would not like to express myself in the matter."

C. L. Burnett—"It is a pretty hard proposition either way. I would like to see the city own it. If the revenue is what was shown at the hearing the city would come out in good shape on it. I think that there is not a person in Brainerd but thinks the city should own the plant."

Dr. O. T. Batcheller—"The city ought to take the plant as soon as possible."

J. F. Murphy—"Would not care to express an opinion in the matter."

E. L. Orth—"Am not posted but it would seem that the city could soon make the plant pay for itself."

R. D. King—"The city should take over the plant. It would be unwise to put in a second plant."

J. C. Hessel, Jr.—"There is no alternative. The city better buy the plant, than pay the costs and get nothing. If it is a money maker for the company, it should be for the city."

John Wise, former alderman—"Buy the plant and let the proceeds build a new one. The city is not able to put in a second plant if it wanted to."

Dr. Werner Hemstead—"I would say buy the plant and take the earnings for repairs and improvements, without the city going into a heavy indebtedness. With proper management the receipts would make necessary improvements and extensions."

C. W. Koering—"Dr. Hemstead expresses just exactly my views."

Adam A. Armstrong—"I would not care to express an opinion as I am not posted at present."

M. J. Reilly—"I am not in a condition to be interviewed. I have been out of the city for so long a time that I am not posted."

James Smith, proprietor City hotel—"I have not given the matter sufficient thought to be able to express an opinion. The appraisers, who gave the matter much thought and thorough investigation should know better than I as to the value of the plant. I would like to see the city own the plant, but would not care to express myself too strongly without more study of the question."

Dr. A. F. Groves—"The city's only salvation. No one is going to buy bonds and buy a lawsuit. Let the city buy the plant and they can sell their bonds. It is the only thing to do. The price is too high but it would be the cheapest in the end. The city at the same time should figure on getting the Crow Wing water power, so as to have cheap power for all time."

R. J. Hartley—"The only thing to do. The city can't do anything else. I do not think the price is excessive."

Geo. W. Moody—"It seems to be so onesided that there would seem to be no question. It hardly seems debatable. If I was confronted with the same conditions in a private business I should certainly buy."

E. O. Webb—"I believe that taking all things into consideration, the city ought to take it. I believe it is a good fair proposition."

John Carlson—"The people are fools if they do not take it over and stop litigation."

H. W. Linnemann—"Have not given the matter much thought, but it would seem that the city should take it over."

Louis Hohman—"Sure! What else can they do? Get hold of it and get it out of the way, then the city can sell its bonds."

Jay Henry Long—"Yes, they should. I am not an expert on such values, but considering the benefits of municipal ownership, especially of waterworks, the city should take the plant. Then the city should install meters throughout. This was done in Mankato a few years ago. At first the property owners objected to paying for their meters, but they were well pleased afterwards. The minimum rate was fixed at 50 cents a month. A man did not pay extra for sprinkling his lawn, but he paid for what he used. It proved cheaper for the consumers and at the same time the plant earned more net profit, because it stopped all the waste of water and unnecessary pumping. A man will not let his hose run all night in a rain if it is on a meter."

O. A. Peterson—"Yes, sir. The city would get stuck a little but it would be cheaper than fighting over it."

M. J. Reis—"I certainly think the city should take it."

W. E. Brockway—"Never gave it a thought. Don't care who owns the plant so we get better pressure."

F. J. Slipp—"No, the price is too high."

F. H. Gruenhagen—"By all means take the plant."

E. P. Slipp—"It would be a good paying proposition to take the plant."

J. W. Koop—"Yes, all things considered, the city should take it."

Geo. Abbott—"I am not posted. A couple of meetings should be called in Gardner hall and the entire matter explained to the people in a manner which they could understand, by men in whom they had confidence."

Geo. West—"The city should take it. Everything would be settled up then and it would belong to the city."

Prof. J. A. Wilson—"The only sensible thing to do."

Ezra Smith—"Don't know anything about the value of the plant. The newspapers should publish as much as possible of the evidence upon which the appraisers based their verdict, so that the people may vote intelligently on the matter of issuing bonds."

J. R. Smith—"I have always been in favor of the city taking over the plant and believe they should do so even if they had to pay more than the appraised value."

C. E. Peabody—"I do not know. If they can handle it it is all right."

Judge Geo. W. Holland—"I have not given the matter any particular consideration but should say yes. The electric light and water plants

should in the future help pay the taxes."

W. H. Mantor—"Yes, they should."

A. G. Trommald—"I do not know anything about it. I believe that the men having it in charge will do what is the best for the city. In order to give an intelligent opinion one would have to get down to figures and study out what the city could do and could not do."

Fred J. Reid—"Yes, sir, take it. I believe that is for the best interests of the city."

Outdoor Art in Photography

The wide range of artistic skill for which the Sweet Studios of Minneapolis are noted has fine illustration in the success they attain in photographing scenes from nature. Joseph K. Dixon, the wellknown writer on art subjects, in a recent magazine article, illustrated it with a number of beautiful half tones from photographs by Sweet. These scenes were taken in the early morning and late evening lights, when the best effects are the most difficult to secure.

BRAINERD ELK HONORED

James J. Nolan Elected Sergeant at Arms by the State Association in Convention at St. Cloud

At the business session of the state association of Elks lodges, held at the Commercial club rooms, in St. Cloud, at 11 o'clock Friday morning, J. A. Armeson, of Stillwater, was elected as president for the ensuing year; R. B. Brower, of St. Cloud, vice president; W. H. Rendall, of Minneapolis, for secretary; Samuel Donaldson, of Faribault, for treasurer; Rev. Parshall, of Cass Lake, for chaplain and J. J. Nolan, of Brainerd, for sergeant at arms. The selection of a convention city was left to the executive committee.

Taft's HOODOO VANISHES

President Finally Wins a Game of Golf.

Beverly, Mass., Aug. 14.—On Friday, the thirteenth day of the month, President Taft's golf "hoodoo" disappeared. There was a helpful change in the weather, too, and under damp darksome skies Mr. Taft and John Hays Hammond got their revenge against General A. Ames and W. J. Boardman of Washington by winning the day's four-some on the links of the Essex Country club by one up. It was the first time the president had won a game this week and he was in a merry mood when his vacation was broken into by a long conference regarding the appointment of census supervisors.

At one stage of the game the president and Mr. Hammond had their opponents six down and it is said that they then took compassion on them and allowed the score to be almost evened up.

Beverly took on much of the aspect of a real summer capital with the arrival in town of two cabinet officers, a high official of the government and several politicians of prominence, Secretary of Commerce and Labor Nagel, Postmaster General Hitchcock, and E. D. Durand, director of the census, came to town to go over the list of 330 census supervisors with the president.

Colonel C. Lyon of Texas, Republican national committeeman, came to talk Texas appointments and to ask the president to extend his trip through Texas in October. Republican State Chairman Tucker of Little Rock, Ark., also came to talk appointments and trip.

Mr. Hitchcock also took up with the president the appointment of several postmasters whose selection will be announced later. The postmaster general plans to return to Washington today. He is going to spend his vacation in the Far West and hopes to be in the saddle most of the time he is away from his official duties. Mr. Hitchcock is very fond of horseback riding and has had opportunity for little of it in Washington.

Secretary Nagel will return to Marion, Mass., where he is spending the summer. Mr. Durand will stop over Sunday at Rockport, Mass., returning to Washington early next week to continue work on plans for taking the census.

Seared with a Hot Iron

or scalded by overturned kettle—cut with a knife—bruised by slammed door—injured by gun or any other way—the thing needed at once is Bucklen's Arnica Salve to subdue inflammation and kill the pain. It's earth's supreme healer, infallible for boils, ulcers, fever sores, eczema and piles. 25c at H. P. Dunn's drug store.

MUSIC AND DRAMA

At The Bijou

Tonight the Clark sisters will close a very pleasant engagement. The many patrons who witnessed Baby Lulu will be disappointed to learn that tonight is her last, as they have to make a big jump tomorrow.

Sunday, Aug. 15th, Little Marguerite will appear in her famous acrobatic and contortion act. One night only, so do not fail to see the queen of acrobatics.

Coming next week—Doris Canfield, juvenile comedienne, and Billy Faun, eccentric comedienne.

BRAINERD SHOOTERS DID WELL

J. R. Smith was only One Bird Behind Guptil, the Winner of the State Shoot

The Brainerd marksmen all did themselves credit at the big handicap shoot at St. Paul this week. J. R. Smith was only one bird behind R. D. Guptil, of Aitkin, yesterday in the state champion shoot. He got 23 out of 24 birds in the doubles. Geo. Trent says that Fred Gilbert, the former world's champion watched Jim mow down the doubles and turned to Trent and asked him who he was. Trent told him. "I'd like to see him in a duck pass," was Gilbert's comment.

Mr. Guptil was in Brainerd this morning on his way home and showed a reporter of The Dispatch the trophy. It is a beautiful gold badge set with a diamond. The trophy has been shot for for many years, and was held by Geo. Trent, of this city, in 1895.

The other Brainerd men did well. Geo. Trent, Jr., shot fine for a novice among old shots, breaking 45 straight at one time. Henderson, of Kentucky, who though classed as an amateur, is shooting at all the big meets, says it was the fastest bunch he ever went up against. With five traps over 30 men out of 175 shot 95 or better out of the 100. Geo. Trent, Sr., did not shoot except in the preliminary shoot at Minneapolis, where he stood high man with 99 out of 100 to his credit. J. R. Smith stood in eighth place the first day with 175 men shooting over five traps.

How's This?

We offer one Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. Cheney & Co., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him.

WALDING, KINMAN & MARVIN, Wholesale Druggists, Toledo, Ohio.

Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system. Testimonials sent free. Price 75c per bottle. Sold by all druggists.

Take Hall's Family Pills for constipation.

'Twas a Glorious Victory

There's rejoicing in Fedora, Tenn. A man's life has been saved, and now Dr. King's New Discovery is the talk of the town for curing C. V. Pepper of deadly lung hemorrhages. "I could not work or get about," he writes, "and the doctors did me no good, but after three weeks I feel like a new man and can do good work again." For weak, sore or diseased lungs, coughs and colds, asthma or any bronchial affection it stands unrivaled. Price 50c and \$1.00. Trial bottle free. Sold and guaranteed by H. P. Dunn, Druggist.

Use Allen's Foot-Ease

A powder to be shaken into the shoes. If you have tired, aching feet, try Allen's Foot-Ease. It rests the feet and makes new or tight shoes easy. Cures itching, swollen, hot, sweating feet. Relieves corns and bunions of all pain and gives rest and comfort. Try it today. Sold by all druggists and shoe stores. 25c. Don't accept any substitute. For FREE trial package, also free sample of the Foot-Ease Sanitary Corn Pad, a new invention, address Allen S. Olmsted, Le Roy, N. Y.

A MEASURE OF MERIT

Brainerd Citizens Should Weigh Well This Evidence.

Proof of evidence lies in the evidence. Convincing evidence in Brainerd, is not the testimony of strangers, But the endorsement of Brainerd people.

That's the kind of proof given here—The statement of a Brainerd citizen.

Alfred Towers, living at 596 First Avenue N. E., Brainerd, Minn., says: "The medicines and physicians' prescriptions that Mrs. Towers used in trying to eliminate a bad case of kidney complaint, might just as well have been thrown away, in fact, they did more harm than good. Several years previous she had used Doan's Kidney Pills for a short time and the benefit had been very gratifying. Deciding to again give this remedy a trial, she procured a box from H. P. Dunn's drug store, and began its use in strict accordance with the directions. The improvement that was noticeable in her condition; in a short time was nothing less than wonderful and it did not require a lengthy use to effect a complete cure." (From statement given Nov. 29, 1904.)

DOAN'S KIDNEY PILLS CURE PERMANENTLY.

On Sept. 2, 1908, Mrs. Towers confirmed the testimonial her husband gave in her behalf, in the following words: "The testimonial which Mr. Towers gave in favor of Doan's Kidney Pills in 1904 was absolutely correct. Although kidney trouble has never returned in my case, I have appealed to Doan's Kidney Pills on some few occasions and they have served to keep me in a healthy condition."

Kidney Suffering

Backaches and tired feelings tell of weak kidney action—Prompt relief by using DR. A. W. CHASE'S KIDNEY AND LIVER PILLS

There is no treatment for kidney disease which will afford you relief so quickly as Dr. A. W. Chase's Kidney and Liver Pills, and none which will so certainly cure the most complicated forms of this disease.

There is a reason for this. Dr. A. W. Chase's Kidney and Liver Pills awaken the action of the liver and bowels as well as the kidneys and thereby effect a thorough cleansing and regulating of the whole excretory system.

Mr. J. H. Ingersoll, Stearns, Montana, writes: "We kept Dr. A. W. Chase's Kidney and Liver Pills constantly on hand for use in the family, and find them the best medicine we ever used for lame back, soreness in the back and all kidney troubles, including constipation. Several of our neighbors have used them on our recommendation with very satisfactory results."

One pill a dose, 25 cts. a box, all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

Matches Set Fatal Fire.

Roland, Ia., Aug. 14.—The five-year-old son of S. J. Michaelson of this place was burned to death while playing with matches in a haymow, which he set on fire and destroyed.

Washington' Plague Spots

lie in the low, marshy bottoms of the Potomac, the breeding ground of malaria germs. These germs cause chills fever and ague, biliousness, jaundice, lassitude, weakness and general debility and bring suffering or death to thousands yearly. But Electric Bitters never fail to destroy them and cure malaria troubles. "They are the best all-around tonic and cure for malaria that I ever used," writes R. M. James, of Louellen, S. C. They cure stomach, liver, kidney and blood troubles and will prevent typhoid. Try them, 50c. Guaranteed by H. P. Dunn, Druggist.

Act Quickly

and you'll save yourself a lot of suffering and trouble. If you have a sudden chill—or taken cold—if you have colic, cramp or diarrhoea, don't wait a minute. Take at once a teaspoonful of Perry Davis' Painkiller in half a glass of hot water or milk. You'll be safe and on the right road to quick recovery. Then you'll escape serious illness. But you ought to have this tried and proven remedy on hand for immediate use. Being prepared is half the battle when there's pain to subside. New size bottles 35c., also in 50 cent sizes.

## BIG AUDIENCE AT SUTTON INQUIRY

Crowd Attends Last Session at  
Annapolis, Md.

### DAVIS THE MAIN ATTRACTION

Summing Up of Attorney for Mrs.  
Sutton Attracts Many People to  
the Hearing—Judge Advocate Leon-  
ard Speaks Briefly—Mrs. Sutton Un-  
able to Be in Court.

Annapolis, Md., Aug. 14.—The largest  
audience that has attended a ses-  
sion thus far was present at the be-  
ginning of the last day of the inquiry  
into the death of Lieutenant James  
N. Sutton, Jr. The attraction was  
the summing up by Henry M. Davis,  
counsel for Mrs. Sutton, and A. E.  
Birney, counsel for Lieutenant Adams,  
and possibly something from Major

afternoon session. It was explained  
privately that she had been so af-  
fected by the touching references of  
Mr. Davis to her lost son that she did  
not feel able to appear in the after-  
noon. Mrs. Rose Sutton Parker, her  
daughter, was present throughout the  
proceedings, however, and followed  
the arguments with the closest atten-  
tion, as had her mother that of Mr.  
Davis in the morning.

The court will sit in private for  
the purpose of discussing the findings,  
which will, when reached, be forward-  
ed to the navy department, whence  
the announcement of the result of the  
inquiry will be made. The judge ad-  
vocate said that he would request  
that this announcement be made at  
the earliest possible moment.

Mrs. Sutton said that if the find-  
ings of the court of inquiry declare, as  
did those of the former board of in-  
quiry, that her son committed sui-  
cide, she will carry the case still fur-  
ther, though in just what way she is  
not now prepared to say.

### NEW RECORD ESTABLISHED

Seattle Man Sets New Mark for Jave-  
lin Throwers.

Seattle, Wash., Aug. 14.—Before an  
enthusiastic crowd the first day's  
events in the annual championship  
meet of the Amateur Athletic union  
were run off in the Alaska-Yukon-Pa-  
cific stadium. The programme was  
given over entirely to the juniors, the  
team entered under the colors of the  
Seattle Athletic club carrying off the  
honors with ease.

One new American record was es-  
tablished. This was in the javelin  
throw, B. Gish of the Seattle Athletic  
club hurling the spear a distance of  
144 feet, eclipsing the previous Amer-  
ican record made by Pratt Adams of  
Philadelphia, June 6, 1908, when he  
threw the javelin 131 feet 6 inches.

Two A. A. U. junior records were  
made, but only one was allowed to  
stand. The valid one was made in  
the mile run, when J. Ballard of the  
Boston Athletic association made the  
four laps in 4:24 1/2. The one that  
was not allowed to stand was made  
by W. Donald of the Seattle Athletic  
club in the 120-yard high hurdles. His  
time was 15 1/2, but he upset two  
hurdles. The team scores follow:

Seattle Athletic club, 81; New York  
Athletic club, Multnomah Athletic  
club, Portland, Ore., 13; Missouri  
Athletic club, St. Louis, 11; Vancou-  
ver (B. C.) Athletic club, 6; Boston  
Athletic club, 5; Mott Haven Athletic  
club, New York, 5; Swedish-American  
Athletic club, San Francisco, 3; un-  
attached, 8.

### Bride Drowned.

Manistee, Mich., Aug. 14.—Mrs.  
Louis Bonbajo of Cincinnati, a bride  
of six days, was drowned while bath-  
ing in Portage lake.

MAJOR HENRY LEONARD.

Henry Leonard, judge advocate. Mr.  
Davis' argument did, in fact, lead the  
judge advocate to speak, though  
briefly, and what he said was not in  
the nature of argument touching the  
case.

Mrs. Sutton was not present at the
